The Woman's Foreign Missionary Society of the Methodist church spent a very pleasant session last Friday afternoon at the home of Mrs. Nell Wade. "The Conquest of the Cross over the Child World" being the subject. Among the most pleasing numbers of the program were a duet by Blanche Jarman and Iva Hubbard, and a reading by Frances Rouse, also a reading by Mrs. Miller. Little Frances Willard gave a reading in her pleasing way. Mrs. Wade was the pleasing hostess that she always proves herself.

Anyone may come in at any time during the service and leave during one of the frequent hymns. As we join in the joy of Easter, the Resurrection Day, so the church calls upon us to join in the sorrow and humiliation of Good Friday, the Day of Atonement.

Vanschoaick.

Mrs. Belle Vanschoaick died near Paris Saturday, aged 77 years, 8 months and 19 days.

The remains were brought to this city Monday and the funeral held in the Methodist church, Rev. J. H. Hubbard officiating.

The deceased was born in Kentucky and came to Missouri with her parents when but a child. They located near Florida. She with her son, William, moved to this city after the death of her husband. Her son died in the spring of 1900 and since that time she has been comparatively alone.

She was a member of the Methodist church here and after the death of her son made a will leaving one third of her property to the church, the remainder to go to nieces and nephews.

Everbearing Strawberries.

Some varieties are not worth planting. Some are fair for home use. The Superb is equal to any spring variety for yielding a spring crop and then will bear all summer if there is any moisture. I can sell you plants that will bear this spring and summer if set out in a week or two. Plant the best.

Geo. W. Harrison.

John L. Evans said yesterday morning that peaches are not killed.

### ITEMS FROM FARMERS

Of Farmers, For Farmers and Pertaining to Farmers.

J. M. Proctor topped the early market price ever paid for spring lambs in this city. He also sold earlier than lambs have ever been sold here. Monday, he sold 21 spring lambs to Dawson, Willis & Sharp. They averaged 57 pounds and he received ten cents per pound for them. Good early stuff pays.

Attention Apple Growers.

Apple scab took the fruit off clean from thousands of acres of apple trees in the year 1912. Hundreds of orchards of forty acres and more stood without a single apple or leaf for that matter at picking time because of the attacks of this fungus.

Weather conditions are exactly favorable for its growth again this spring. Get in right now, before full bloom, and put on lime sulphur at the rate of one gallon to twenty-five gallons of water, if you want to harvest this year's crop yourself. Spray same strength again when the bloom starts to fall, but add four pounds of arsenate of lead to each hundred gallons. Finish before bloom end closes.

Bad weather is bad enough, sometimes, but blame yourself and not dry weather if you fail to get fruit this year.

Wire or write this office for further information.
